

I listen to K-LOVE FM radio on station 94.3 and it serves me daily for news, music, and positive/encouraging content. I have a family of 5 kids and it is a true family-friendly station. If K-LOVE were displaced by a LPFM many families would lose the best family station in the area, and would have no alternative. K-LOVE's service is in the public interest because the content is uplifting. It helps families hurting from divorce. It helps parents looking for advice on raising children. It helps teenagers have an alternative to sexually-oriented advertising and suggesting content on other stations. Losing this alternative would have a long term, significant impact. Please don't let LPFM displace such a service.
